WEYL'S CORNER

SOLD TO SEBASTIANI

Local Capitalist Shows Confidence in Sonoma By Buying Another Big Piece of Property Here.

One of Sonoma's pioneer business corners, the Weyl property on Spain and First Streets west, was sold this week to Sam Sebastiani, local capitalist and wine man. Sebastiani, who recently purchased the old Sonoma house property near the postoffice, has shown further confidence in Sonoma business property by his latest addition to his holdings. The Weyl property consists of Weyl's Hall, stores underneath, artesian wells and lots fronting on First street west. Mr. Sebastiani plans to modernize this important business corner, and it is rumored that on the unimproved frontage he will build bungalows similar to those in his tract east of town.

About the first of the year the progressive property owner will begin the creation of a modern first class hotel on the recently acquired Fior d'Italia site. It is said that he has refused a handsome offer from the present tenant, John De-anini, who offered several thousand dollars more than Sebastiani paid for the, for more Laurenzi property.

CHESTER ACCUSES TIERNEY

In a counter suit to prevent Thos. Tierney from collecting the judgment twice given him against W. Chester et al. for services while in the employ of the Sonoma Valley Water, Light & Power Co., Chester has brought startling charges, alleging among other things that Tierney knocked the water meter deal to the Railroad Commission, and so upset him that his health has been impaired. He claims to have a counter claim against Tierney for over \$2000. Judge Thompson issued a restraining order preventing Tierney from collecting his recent judgment until Chester's allegations are gone into.

ART HICKMAN HAD A BOTTLE OF CLARET(?)

Art Hickman, king of jazz, fell into the clutches of Forrest Mitchell, Los Angeles enforcement officer, last week. Art formerly was the popular leader of the Boyes Springs orchestra before he went to the St. Francis and got so famous.

November Session of Trustees Show Progressive Spirit of Board.

Trustees Bulotti, Dobbel, Lewis and Bates were present at the regular meeting of the City Board Wednesday night, when a number of important matters were up for discussion. The report of the engineers on the street work progress revealed that all concrete has been poured, grading and rolling is in progress, the new streets being cleared and joints being filled with asphalt.

City Clerk Gottenberg was authorized to purchase ten of the latest municipal law books compiled by W. J. Locke, of San Francisco. Gorrell & Gorrell were authorized to proceed with the subgrade on Napa street and Fourth street east in order that Sam Sebastiani may lay his full width concrete streets.

On motion of Trustee Sam B. Lewis, seconded by Trustee Dobbel, property owners on both sides of Broadway to the High School are to be instructed to lay cement sidewalks in front of their property.

The request of the Business Men's Association for street illumination on the night of November 12th was granted.

Permission was given Contractor Basaglia to lay cement sidewalks in front of P. Boccoli's property, F. Clewe's and J. B. Small's frontages.

RUN DOWN BY CAR

A novice driving a Ford ran into our esteemed townsman, Geo. Breitenbach, one day this week and knocked him over. Fortunately beyond a shaking up Mr. Breitenbach was not hurt.

NOTICE

A mass meeting of the people of Sonoma County is called for 1:30 o'clock p. m., November 25, 1921, at Native Sons' Hall, Santa Rosa, California, for the purpose of devising ways and means of reducing the taxes for the coming year approximately \$400,000.00 below the present levy.

FLAMES ENDANGER VAN DAMME HOME

The prompt arrival of the Sonoma Fire Engine saved the handsome residence of Chas. Van Damme from destruction yesterday when the hedge surrounding the house caught fire and caused a very serious blaze. The Boyes Chemical reinforced the Sonoma fire department and all the buildings were saved.

EX-SOLDIER LONGS FOR EXCITEMENT—GETS PINCHED

Life was becoming rather tame for Peter Boccoli Jr. ex-soldier and overseas war veteran this week, so he proceeded to wake-up the village by stepping on the throttle of his fine car, opening wide the muffler and showing the natives what speed looks like. Pete overlooked Sonoma's speed cop, Chief Albertson and as a result, fell into the toils of the law. The officer had the overseas hero brought in to Court and Pete bounced \$15 bucks to His Honor Judge Small, saying, with a smile, "it was worth the price Judge, just to see the speed cop make the pinch."

ATTENDED DANCANT FOR ST. FRANCIS BENEFIT

Mrs. L. H. Green, Miss Florence Green and Mrs. L. V. Emparan were among those participating in the St. Francis Hotel dancant and card party benefit for St. Francis Church Thursday evening.

Mrs. Green and her daughter were active on the San Francisco committee and Mrs. Emparan went down from here especially to attend. It was a brilliant affair and netted a handsome sum for the building fund here. No. 7567, held by Miss Florence Messerer, 1114 Fell St. won the Hope Chest.

"GIPSY LAND" FOR LADIES AID BAZAAR

The Ladies Aid of the Congregational Church are making their usual elaborate preparations for their fall entertainment and bazaar, to be held in the Womans Clubhouse on Friday evening, Nov. 18th. "In Gypsy Land" a sparkling Cantata will bring out the voices of all our well known singers, as well as displaying to advantage the charms of our young ladies. The fancy table will offer many beautiful and useful articles and the home-made "eats" will be as bountiful and tasty as of old. Don't fail to attend.

BROTHER JOINS KAPLAN IN BUSINESS IN SONOMA

Harry Kaplan, youngest brother of Max Kaplan, Sonoma merchant, will now be one of the firm. The new member is an ex-army man, having served in local cantonments and with the cavalry in Mexico. Kaplans this week purchased a closed auto delivery car.

FIRES THIS WEEK

The Valley engine and the fire warden were called to fight a stubborn hill fire yesterday which started on the Nonella place. After back firing and hard work it was controlled.

A fire the first part of the week destroyed the Moebly barn at Baxterville. The Valley Angel responded and confined the blaze to the barn.

Louis Chartrand, well known in many sections of the State, died on Tuesday morning at his ranch near Kenwood, at the age of 88 years.

VINEBURG NEWS

Mrs. Peter Bosch returned from a visit to the Bay cities on last Sunday evening, after an absence of two weeks.

Mrs. Leona Batto, accompanied by her brother and Ollice Groskopf motored to Napa on Tuesday.

Messrs. Louis Martin and Frank C. Rhode, two of our prominent citizens, transacted mercantile and local business in the metropolis on Monday. Both gentlemen telephoned ahead to their friends that they didn't want any battleship to meet them and that they did not have time to attend any banquets in the pink, blue, green or lavender rooms of any of the swell hotels, as they had both joined the church. Mr. Martin attended to the mercantile end and Mr. Rhode carried off the legal honors, for when the judge asked him to swear he proved himself an old hand at that business.

Frederick C. Batto, Jr. (Buddie) left on Wednesday afternoon on a visit to the Bay City for several days as the guest of friends during Music Week.

George W. Reed of Sonoma was a visitor here on last Thursday and was much surprised at the improvements in the burg.

Mr. Swift, a leading citizen and postmaster of Redwood City, was the guest of Mr. and Mrs. Louis Martin on Thursday.

Mr. and Mrs. Grover Rubke and daughters, Thelma and Margaret, have lately returned home from an auto trip to San Francisco, San Jose, Monterey and Marysville. The family enjoyed the trip very much and will repeat it next year.

Mrs. Richard L. Watt, very pleasantly entertained The Jolly Twelve on Wednesday afternoon. Dandy refreshments were served and all departed well pleased, and will meet at Mrs. Grover Rubke's residence on Saturday evening. This is the time the "dear hubbies" will join in and five hundred will be the main attraction.

Mr. and Mrs. Fred Batto motored to Petaluma Thursday last on business.

LOCAL PEOPLE

BACK FROM THE SOUTH

Mr. and Mrs. Fred Blackman, former Sonoma residents, who now reside near Napa, and Mr. and Mrs. A. B. Williams of Glen Ellen, have just returned from a motor trip through Southern California.

They visited the points of interest in Los Angeles, San Diego and other beautiful cities and went as far south as Mexico.

The Sonoma County people paid a visit to C. B. Craig, who was formerly an attendant at Eldridge for several years. Craig is now an officer at Santa Monica. He knows how to entertain in the good old southern way.

Mr. Williams had been quite sick at the Myrtledale Hot Springs in Calistoga before the trip, but is much improved now.

LOCAL AND PERSONAL

Lee Brubeck has rented the Gough ranch, southwest of town.

Miss Pauline Robin has gone to San Francisco to spend the winter.

Mrs. Hiser will entertain the Congregational Ladies Aid next Tuesday.

Mrs. Richard L. Watt entertained the Jolly Twelve Wednesday afternoon.

Mrs. Milford of Santa Rosa, spent the week with her sister, Mrs. P. W. Angove.

Dr. A. M. Thomson has been indisposed with an obstinate case of malaria.

Theo. Kiser was one of the lucky ones on quail season opening day. Theodore bagged the limit.

Mrs. C. Fisher, who formerly resided here, has gone to Burke's Sanitarium, where she has accepted a position.

Librarian Kate McDonnell is back at her post of duty after a vacation spent with relatives in Sebastopol and San Francisco.

Mrs. Victoria Aufort of San Francisco is visiting her daughter, Mrs. P. Burg, accompanied by Mrs. G. Dalmas and little daughter, Ailene.

Friends of Mrs. Maurel will be pleased to hear that she is home from San Francisco and entirely recovered from her recent serious illness.

Mr. and Mrs. Abe King and daughter Leah, of Vallejo, were up recently visiting their friends, Mr. and Mrs. Bettencourt, at Buena Vista.

The attention of our readers is called to the new winter schedule of the Richmond & San Rafael Ferry. See time card in another column.

Mrs. Seymour, mother of Will Ashe, a former Glen Ellen resident, has gone to Washington, D. C., where she will remain for the winter.

Mrs. C. Jensen of Schellville went to San Francisco Saturday last to visit her husband, a government employee. Mr. Jensen has been at the Presidio for many years.

Miss Eva Brown arrived here from Canon City, Colorado, and will spend the winter with her aunt, Mrs. P. W. Angove. Miss Brown has come out here for her health and we hope she will be greatly benefited.

The ladies of the White Shell Club recently gave a surprise party to Mrs. Sam Strong at her home near Santa Rosa. It was a delightful gathering, and the hostess, who belonged to the club when she resided here, was most hospitable.

Bonds to the value of \$281,000 issued by the Petaluma High School district for the junior high school, and the Sonoma Valley union high school for new building and equipment were turned over by County Clerk W. W. Felt to County Treasurer J. W. Ramage to be delivered to the purchasers, C. Pierce & Co., on payment of the face value, premiums and accrued interest. The money will be placed to the credit of the two districts and use become available for the purpose intended.

SUBSCRIBE FOR "YOUR HOME TOWN PAPER WEEK"

WITH ALL THE BOOSTER days and weeks on the calendar, it is good to contemplate a "Subscribe for Your Home Town Paper Week." If anything is responsible for community prosperity and a contributing factor to community prosperity it is the home town paper. With eggs, raisins and roses causing rejoicing, and accredited with importance to be dubbed days, weeks and holiday motifs, it is a matter of satisfaction for publishers to present the "Subscribe for Your Home Town Paper Week."

As a disseminator of interesting news and information concerning the community wherein it is published, the newspaper performs an invaluable service, and its personality and prosperity is reflective of the locality of which it is a part.

Where there is a broad calibrated editorial policy, news of constructive import and live advertising in a home town paper you can depend on it that the town is a wide awake, progressive community. The newspaper heralds the truth concerning the town and is one of the most potent forces at work for its good. All hail "Home Town Paper Week."

If you are already a subscriber, come in and attest your appreciation by subscribing for a friend or relative. What better gift for birthday or Christmas? If you are a new comer and intend to make Sonoma Valley your home, by all means subscribe for the home town paper. If you are borrowing your neighbors', stop and ask yourself why they should pay for your paper. Be a contributing factor to the upbuilding of your community by getting behind the home town paper as a paid-in-advance subscriber.

SOME GOVERNMENT HIRELINGS

THE PROHIBITION enforcement conviction in San Francisco, where the management of one of the leading cafes was baited into serving liquor by a woman stool pigeon and a male enforcement officer, does not strengthen the popularity of prohibition in Sonoma Valley, where this same woman once tried her game. She secured "evidence" here, too, she said, and tried to transport it internally with disastrous results. When the United States stoops to the methods it does in their frenzied effort to enforce a hated law and hires some of the kind of agents that are on the government payroll to better our habits and morals, it is little wonder that Senator Reed and other sane solons rise up in wrath and denounce this whole wicked distortion of the Constitution, paid lobbyists, and our 20th century inquisition.

EVERY AMERICAN, whether he lives in greater New York or the smaller community like our own, is deeply interested in the outcome of the disarmament conference. As long as there are war materials the greatest of these will be the flower of our young manhood. Humanity and economies cry out for the curtailment of war forces. As a well known writer reminds, the nations must trust one another or this conference will bear no fruit. What is this then but a league of nations to preserve peace? Call it what they will, international confidence must be the foundation of any practical arrangements to scrap the war bristling spirit of the world.

GOLF BEE IN FRESNO'S BONNET, TOO

Prospects for Fresno at last owning a municipal golf course are now promising, following the recommendation of the Park Commission, and the adoption of the report by the city commission.

It seems hardly necessary to point out the value of such a recreative attraction for the citizens of Fresno. Most men and women do not get enough physical exercise of a recreative kind. The conditions of city life are such that when the day's work is done the tired worker seeks stimulus in the way of least resistance. The man reads of sporting events; he does not participate. His muscles become flabby, and the desire for healthy exercise passes away. As a consequence the balance between mental and physical health is disturbed. We call this civilization. It is really killing time. The healthy, vigorous man is a rarity, and the older he grows the less vigorous is he. There are games and sports that appeal to young men and women of all ages, but there are few games that are at once recreative and fascinating. Golf is one of these few games. It may be played almost from the cradle to the grave. It requires skill to become a good player. But the enjoyment of the game is not limited to the expert. All who enjoy walking over the greensward with some object in view, irrespective of the quality of their play, will enjoy golf. It is a sociable game, and is democratic. We, therefore, look forward to this attraction to the other features of Fresno life.—Fresno Californian.

INSPECTOR FOR POULTRY IS APPOINTED

Poultrymen of Sonoma County will be interested to learn of the appointment of E. R. Temperil as Inspector of breeding flocks in Sonoma County for the Accredited Hatchery plan.

Mr. Temperil is exceptionally well fitted for this work, as he is a graduate of the Poultry Farm at Davis, and has spent one year as Assistant farm advisor of Alameda County in charge of the poultry work; five months under E. J. Hauser at Fontana in charge of incubating and breeding and has also had considerable experience while employed as a poultry field expert by a large company at Modesto.

ROOSEVELT'S PORTRAIT ON TREASURY CERTIFICATES

SAN FRANCISCO, October 27.—Telegraphic advices just received by Governor John U. Calkins, of the Federal Reserve Bank of San Francisco, from the under secretary of the treasury at Washington, D. C., contain the following interesting announcement:

"Secretary Mellon today announced that the portrait of Theodore Roosevelt will appear for the first time on a government security on the \$25 denomination of a new issue of treasury savings certificates, which will be placed on sale towards the end of the present calendar year. The new issue of treasury savings certificates will be a feature of the unified government savings plan which is now being developed by the secretary of the treasury and the postmaster general, and will be announced later in greater detail. The new plan will combine to the best possible advantage the facilities of the treasury and the postal savings system, and is designed to promote popular saving and investment in government securities."

THE ACQUISTAPACE LAW SUIT IN COURT

Thomas J. Geary and Geary & Geary, attorneys for the Southern Pacific railroad company, filed in the Superior Court Thursday a petition for the removal of the trail of the \$25,000 damage suit brought against the corporation by Christiana Acquistapace for the death of her son, Caesar Acquistapace when struck in his automobile by a train of the railroad company on a crossing in the Sonoma Valley.

It is the desire of the corporation to have the case tried in the northern division of the United States Superior Courts, second division on the ground, that the plaintiff is not a citizen of the United States and the defendant is not a California corporation. October 31st was the date named for the application for removal of the place of trial. The petition denies any \$25,000 at issue in the suit, and declares that the amount involved does not exceed \$5,000. The petition sets up the fact that the plaintiff was at the time of the beginning of the action a subject of the King of Italy and resident of Italy.

A denurrer to the complaint was also entered Thursday.

EL VERANO TRAINING CAMP IS POPULAR

The El Verano training camp and gymnasium at Parente's is very popular with the boxing fraternity. Just now Eddy Landon, who defeated Joe Huerrera this week is resting on his laurels and at the same time keeping fine and fit on Sonoma Valley ozone. Other boys at the camp are Denny O'Hara, Bennie Vierra, Buck Holly, Stee Ramies, Frank Thurston and Joe White.

Sporting circles are keen on learning the truth of the report that Charley Miller is to reenter the game. Charley was chief masseur at Agua Cliente Springs the past season.

DR. BUTLER CHARGES FADE BEFORE INQUIRY

The investigation of charges against Dr. Fred Butler at the State Home began Thursday under direction of the State Board of Charities. Hearsay evidence was not admitted, and as the inquiry progressed it developed that charges against the superintendent of the institution were flimsy.

Among witnesses named as appearing against Dr. Butler were Mr. and Mrs. Robt. P. Hill, of Eldridge, and Dr. Whittington, a former physician at the Home.

Trustee Robt. A. Poppe of the Board of Managers, believes from what he knows of the case that Dr. Butler will be completely vindicated.

CHEVROLET Correct Lubrication Chart

Engine—23—X. Daily, or every 100 miles, pour into crankcase oil reservoir through filler pipe sufficient fresh Zerolene No. 5 (former designation Heavy) to fill reservoir to proper level. On Model 490 there are two oil try cocks on left side of crankcase. Oil level should never be above the upper try cock and should not be allowed to get below the lower one. On Model FB, oil level gauge consists of a metal rod, which can be withdrawn from the left side of crankcase. Oil level should never be above "full" mark on this rod and best results will be obtained if the oil level is maintained between "full" and "half full" marks on the gauge. To get a correct reading of the oil level gauge, the automobile should be approximately level and the engine not running. When engine is running, the oil pressure indicator on dash should show pressure which will vary with the speed and temperature of the engine. If no pressure is registered, the indication is lack of oil in crankcase, oil pump not working properly, or some obstruction or break in oil passages. The engine should immediately be stopped and the trouble located and remedied.

At regular intervals, as recommended by the manufacturer, or in the absence of such instructions, every 750 miles, the oil in the crankcase reservoir should be entirely renewed in the following manner: First, remove drain plug in bottom of crankcase, allowing all old oil to drain. This should preferably be done when engine is warm, as the old oil when heated will drain faster, and less of it will adhere to the inner surfaces of the crankcase. Next, replace drain plug and pour four quarts of Calor Flushing Oil into crank case through filler pipe. Then start and operate the engine under its own power at a moderate idling speed for from one to two minutes, by which time all oil passages and inner surfaces will have been cleansed by the action of the flushing oil. Again remove drain plug and when certain that crankcase is thoroughly drained, replace plug and refill crankcase reservoir with fresh Zerolene Oil as specified. Approximately five quarts of oil are required for Model 490, and six quarts for Model FB. When filling the reservoir through filler pipe, care should be taken that no foreign matter is carried into the engine with the fresh oil.

Valve Rocker Arms—8—H. Daily, or every 100 miles, put a few drops of Zerolene No. 5 in end of each valve rocker arm which carries an oil felt, and a few drops of oil on each rocker arm center bearing. At the same time a few drops of oil should be squirted on each of the valve stems.

Electric Starting Motor—9—J. Every 1000 miles use squirt can to apply a few drops of Zerolene No. 5 through oil holes to armature shaft bearings. Also supply a few drops of oil to motor pinion shaft.

Electric Generator—7—G. Every 200 miles use squirt can to apply a few drops of Zerolene No. 5 through oil holes to armature shaft bearings.

Clutch—10—L. If the clutch is slipping because of greasy or gummy condition of the leather, it should be thoroughly flushed with Pearl Oil (kerosene). With the engine running, the clutch pedal should be worked back and forth to allow the kerosene to cut and dislodge this greasy deposit. A small quantity of Auto Leather Clutch Oil should then be applied to the leather. If the clutch is inclined to grab by reason of the leather being hard or dry, apply a little Auto Leather Clutch Oil to the leather. The application of oil to the leather can best be accomplished by blocking the clutch pedal about half-way down. The clutch cone can then be revolved by hand and the oil applied to the leather at several points. Further turning of the clutch cone will distribute the oil over its entire surface.

Clutch Throwout Collar (Model 490 only)—26. Every 250 miles fill oil reservoir on top of clutch collar with fresh Zerolene Transmission Lubricant "A," using filler with small enough spout to carry oil through oil hole in top plate of reservoir.

Clutch Hub (Model FB only)—K. Every 250 miles remove oil plug in clutch hub and fill compartment in hub with fresh Zerolene Transmission Lubricant "A," using oil gun to inject oil through opening. Access to plug may be had by removing hand hole cover on top of clutch housing, and revolving clutch until plug is uppermost.

Steering Gear Housing—18—AA. Every 500 miles remove grease plug in housing at base of steering column and with grease gun fill housing with Zerolene Cup Grease.

Steering Gear Drag Link—2, 19—U. Every 500 miles remove plugs from each end of drag link and repack ball and socket joints with fresh Zerolene Cup Grease.

Transmission—12—M. Every 500 miles remove oil level plug on side of transmission case, and, if no oil runs out, use oil gun to inject fresh Zerolene

MODEL 490

Transmission Lubricant "A" until it begins to overflow through opening. Then replace plug.

Every 2000 miles remove drain plug from bottom of case and allow all old oil to drain. Then remove cover and wash all gears, shafts and interior of case with Pearl Oil (kerosene). When transmission is clean and thoroughly drained, replace drain plug and fill to correct level with fresh lubricant.

Rear Axle Housing—17—Q. Every 500 miles remove oil level plug in rear of housing and if no oil runs out, use oil gun to inject fresh Zerolene Transmission Lubricant "A" until it begins to overflow through opening. Then replace plug.

Every 2000 miles remove drain plug from bottom of housing and allow all old oil to drain. Replace drain plug and pour into housing through filling hole two quarts of Pearl Oil (kerosene). Jack up one rear wheel clear of the ground, start engine, and spin rear wheel at moderate speed for about two minutes. This operation will dislodge all remaining old oil, dirt and sediment. Next, disengage gears, stop engine, and remove jack. Again remove drain plug, and after case has been thoroughly drained, replace plug and refill with fresh lubricant to correct level.

Note: As bearings in both transmission and rear axle are entirely lubricated by splash from revolving gears, hard grease should never be used as a lubricant in either place.

Front Wheel Bearings—4, 21—E, V. Every 2000 miles remove front wheels and wash bearings and hubs thoroughly with Pearl Oil (kerosene). Repack hubs and bearings with fresh Zerolene Cup Grease and replace wheels, being careful to get proper adjustment on wheel bearings.

Springs—6, 14, 24, 29—C, N, S, EE. Every 500 miles, or whenever springs squeak, clean off all dirt and old oil and apply a small quantity of Standard Household Lubricant along the edges of spring leaves. A small brush may be used for this purpose, or the oil applied by means of Standard Household Lubricant Handy Can with spout attached.

Grease Cups. Daily, or every 100 miles, turn down all grease cups two complete turns. Refilling cups with fresh Zerolene Cup Grease when empty. Particular attention is directed to grease cups on fan hub, 1-A; steering knuckle bolts, 3, 20-D; cross steering rod bolts, 5, 22-F; W; brake shafts, 13, 15, 30—O, DD, FF; clutch pedal shaft, 11, 27—BB; front spring bolts, B, I, R, Y (Model FB only); rear wheel bearings, 16, 31—P, GG.

General Lubrication. Daily, or every 100 miles, use squirt can to apply Zerolene No. 5 to all joints and small working parts not otherwise lubricated, such as spark and throttle connections, brake clevis pins, steering wheel (28—CC), brake shafts, etc. Care should be taken that oil holes and passages are free from dirt, so that clean oil may reach the surfaces to be lubricated.

Schedule of Lubrication. Daily or every 100 miles: Engine Oil Level; Valve Rocker Arms; Grease Cups; General Lubrication.

Every 250 miles: Electric Generator; Clutch Throwout Collar (Model 490); Clutch Hub (Model FB).

Every 500 miles: Transmission; Rear Axle Housing; Steering Gear Housing; Steering Gear Drag Link; Springs.

Every 750 miles: Drain and flush engine crankcase.

Every 1000 miles: Electric Starting Motor.

Every 2000 miles: Transmission; Rear Axle Housing; Front Wheel Bearings.

Note: When daily average temperature is below 45° F., Zerolene No. 3 should be used instead of Zerolene No. 5.

Red Cross Gives \$310,000 to Aid 'Clean-Up' Drive

An appropriation of \$310,000 for Red Cross work in connection with the "clean-up" campaign instituted by the Government to bring the claims of all disabled service men who are entitled to Federal aid before the proper government bureau for action, has been made by the American Red Cross. The Executive Committee of the American Red Cross in making the appropriation authorized the appropriation of \$310,000 of this sum to the American Legion to defray the expense of the Legion representatives assigned to the various districts of the Veterans Bureau.

The remainder of the appropriation was authorized for apportionment among the several Divisions of the Red Cross for carrying on that part of the "clean-up" work that falls directly upon the Red Cross organization.

Roy Lynch was here from Vallejo Wednesday looking at several small ranches with an idea of leasing one.

FRED MEDICUS ARRESTED FOR NON SUPPORT OF MINOR

Emma Sholtz, who came here from Arizona a few months ago as the wife of Fred Medicus, and gave birth to an infant the day after her arrival in Sonoma, has sued him to compel support of the child. It develops that Medicus was already married and he claims he does not know the whereabouts of his legal mate. He was employed for a time here by the Standard Oil Company and prior to that, worked in the vicinity of Caliente. Upon the arrival of the girl who is now bringing suit against him, Medicus rented a house here in town. He was released on \$1000 bonds.

SONOMA High School Chronicle

Vol. I SONOMA, CALIFORNIA No. 4

This column will be devoted to High School news, edited and written weekly by the students of the Sonoma Valley Union High School.

SONOMA, NOVEMBER 5, 1921

HIGH SCHOOL NOTES

The pupils who must attend school for four hours of the week commenced part time on Monday, Oct. 31. Mrs. Champlin is the instructor.

A class was asked to write a composition of 150 words. When the papers were sent in for correction one composition stopped in the middle of the sentence—the student had written 150 words!

Sonoma High went to Analy for its final game for the County Tennis championship. Herschell Hyde defeated Davidson (6-4) (6-1), the strange court being accountable for the closeness of the first set. Don Prestwood and Herschell Hyde won the doubles (6-1) (6-0), easily smashing the Analy players' lob, which was the basis of their game.

By defeating Analy, Sonoma High won the Sonoma County Tennis Championship without the loss of one set. Sonoma High meets Napa High, the winner of Napa, Marin and Solano counties, for the league championship at Petaluma this Saturday. A victory is looked for by our boys, as Sonoma has twice defeated Napa in practice games this year.

Sonoma continued their good work by winning a double header in basketball from Tomales High. It was the opening game of the basketball season for both Sonoma and Tomales, and was played in Tomales' new gymnasium. The 130 lb. easily won a 27 to 11 victory over Tomales' 130 lb. team, who only were able to shoot two field goals.

The Unlimited game was a much closer game with James Bigelow shining with brilliant shooting. The score at the end of the third quarter was 19 to 18, in favor of Sonoma, but in the last quarter Sonoma showed its fighting spirit by scoring 12 points and winning, 31 to 19.

With steady practice in the Union

Hall a brilliant basketball season is looked for.

Sonoma was well represented at the theater in Napa the other evening, members of the faculty attending.

The biggest thing yet undertaken by the students of Sonoma Valley High School to provide entertainment to the public is coming on Nov. 10th. They are called the Western Jubilee Singers a quartet of colored entertainers.

Every member of the Western Jubilee Singers is peculiarly fitted to the interpretation of plantation melodies, negro folk and jubilee songs—those old favorites so truly enjoyed by everyone. There is nothing so full of genuine sweetness, so full of melody as these old negro songs with all their simplicity, and it takes the real negro to sing them as they should be sung. The white man can sing them, but not with the same feeling as can the colored man. A goodly number of these good old plantation melodies is on the program, and it is in these that they excel. However, for the sake of variety, a few heavier numbers are introduced and also a good sprinkling of the more humorous. Realizing the popularity of colored male quartet work, especial emphasis is placed along this line. The harmony in their voices is such as can only be produced in endless practice.

In addition to the delightful songs, they possess a dramatic artist of unusual ability and a virtuoso on the piano and the violin.

The place is the Grammar School Auditorium.

Owing to a tendency of certain building materials to go up in price, the architect is speeding up the plans for the new building. It is hard to say now just what will happen as to cost of building. The revival in business is coming now and it appears as if the few building materials that were destined to drop have done so. The plans should be fully matured by December 1st. The bids for construction ought to be opened by January 15th. This will make possible the full completion of the building by the opening of the new school year.

HALLOWE'EN PARTY AT GRAMMAR SCHOOL

Annual Masquerade and Frolic Great Success This Year.

The annual Halloween jinks given by the sixth, seventh and eighth grade pupils of the Sonoma Grammar School Monday evening was one of the most successful ever given by the school. The party was attended by the young people, their parents and teachers, and all had a gala time. It was a masque affair and fully 75 young folks were in costume, prizes being awarded as follows: Kenneth Corman, for best Jack o' lantern; Ella Fox, best character costume (a baby); Vesta Prestwood, for fanciest costume; Miss Hallowe'en. Among other costumes were:

Russian Dancers—Viola Cantoni, Huckleberry Finn a' fishing—Catherine Buckley.
Little Lord Fauntleroy—Countess Prestwood.
Queen of Hearts—Esther Wells.
A Real Hobo—Albert Tracy.
Negro Gentleman—Fred Norrborn.
Dough Boy—Radford Keifer.
Index-Tribune—Zada Stillings.
News Boy—Vivian Arreola.
Indian Chief—Allan Bean.
Indian Maiden—Alice Pellissier.
Gypsy Woman—Anita Murray.
Puritan Maiden—Marguerite Froment.
Cowboy—Annie Cook.
Vaquero—Reid Potter.
Circus Girl—Elvira Bianchini.
Dutch Boy—Verdell Burchard.
Italian Lady—Isabell Nicol.

Ghost—Victor Eberbach.
Sailor Boys—David Stillings, Harvey Potter and Emma Papini.
Cupids—Gladys Fox and June Eberhardt.

Ghost—Victor Eberhardt.
Dancing was enjoyed in a setting both fanciful and weird—autumn foliage, cornstalks and jack o' lanterns. Some of the talented pupils contributed program numbers which were greatly enjoyed.

Herman Haynes sang Peggy O'Neil, Miss Ella Fox gave a solo, William Rambo, Jr., and Victor Eberbach gave violin numbers. Miss Marguerite Froment and Beatrice Boyd played a piano duet. There were songs by Marguerite Evans, and recitations by Jennie Downey and Esther Wells. Last year's class were among the invited guests.

DR. RUSSELL MORRIS PASSES EXAMINATION

Dr. Russell Morris of this city has returned from Sacramento, where he appeared before the State Board of Medical Examiners and passed the examination successfully, and is now a full fledged physician and surgeon in addition to his diploma as an osteopath, and therefore entitled to operate and prescribe. He passed the difficult oral examination with flying colors.

In fact, this is the second time he has taken the examination, but owing to a change in the state law, decided to take it the second time, and is now a duly licensed M. D. He took his first examination in 1910.

The many friends of the doctor will extend hearty congratulations. Despite his broader field he will remain loyal to osteopathy, of course—Petaluma Argus.

FAILED TO GET AWAY WITH HIS LOOT

Charley Shaw, who had been employed by M. Leixner, the tailor, for about two weeks, was left by the proprietor to take care of the store last Sunday and Monday. He almost took the store instead.

As soon as Leixner and wife left for San Francisco their employee proceeded to get drunk on some of Sonoma's best non-beverage liquor, which gave him weird ideas of how to get away with almost anything. He conceived the brilliant idea of moving a large part of Leixner's goods, and having packed up several bolts of goods, a suit of new clothes, several waists, a sweater and some silk he called a local jitney driver to transport him and his effects to Napa. While waiting at a local hotel for the jitney he was recognized by a San Rafael autoist who tipped it off that he looked like a man wanted in Marin county for passing bad checks. However he was allowed to board the jitney with his loot, but suddenly remembering he had forgotten a gold watch (Mrs. Leixner's wrist watch), he returned to the tailor shop and tried to again gain entrance to the place. The jitney driver thereupon quietly notified Deputy Sheriff Ryan that his passenger was acting suspiciously, and Ryan finding Shaw at the tailor shop interrogated him with the result that the pilferer was arrested.

Upon Leixner's return from San Francisco he identified his stock and belongings all packed up in his suit case, with which Shaw also planned to get away. All the goods were intact and returned to Mr. Leixner by Deputy Sheriff Ryan. Shaw is in jail at Santa Rosa.

L. A. Norris of Gilroy and son, Elroy of Berkeley, have been visiting Mr. Norris' sister, Mrs. Charley Potter at Schellville.

Mr. and Mrs. Chas. Potter, accompanied by a party of friends, including Misses Ethel Evans and Birdie Watts, attended the Scots night at Santa Rosa last Monday evening.

WARNING

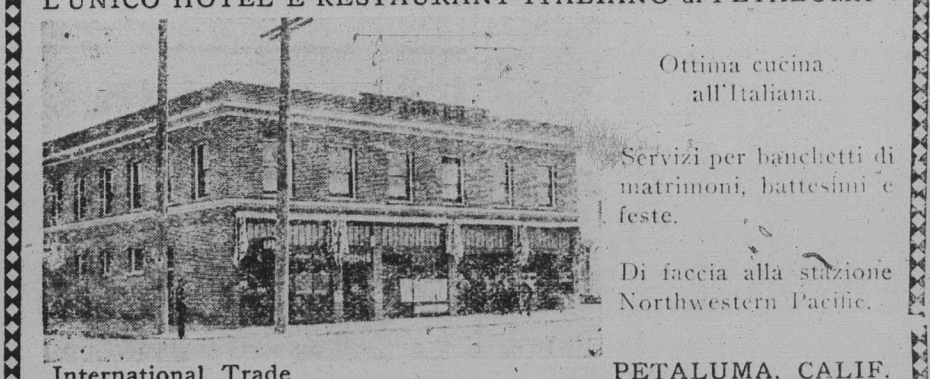

Attention is respectfully called to the fact that merchants and other business men are in the habit of cashing checks for strangers, and after finding that the checks are no good, it is usually from four to ten days before report is made to the Sheriff's office, which makes it almost impossible to find the maker of the check. I would particularly urge you to NEVER cash checks for strangers unless they can be identified. Bankers will not do it, so why should you? JOHN M. BOYES, Sheriff.

The boys had rowed out in their boat in quest of a flock of Mallards. While on the island, the tide went out, leaving the boys far from the mainland. After several hours, the tide came in and the two young huntsmen rowed to safety. Hungry and tired, the two sportsmen arrived back in El Verano in the early hours of the morning much the wiser, but happy to be back in the bone dry town of El Verano.
